1238
1245
1247
1251
1253
1256
1257
1260
1267

**Outline of the following steps of the selection process:**

Candidates progressing to the matching phase will be matched and communicated with the host groups chosen by the candidates, to ensure that it is feasible to implement the proposed project at CNIC.

Only candidates with projects that can be implemented at CNIC (with respect to the necessary infrastructure and supervision), and who have obtained a feasibility letter from the hosting group, will proceed to Stage 2 (full proposal submission).

Upon completion of the matching process, the list of candidates advancing to Stage 2 will be published.

Application Stage 2, writing of full proposals by groups and candidates, is expected to start in March 2025.
